

The
Mid-Michigan Rock Club
Presents

Meteorites!

Presented by Professor Kevin Dehne

From meteoroid, to meteor, to meteorite, join us as we wish upon a falling star and learn about those few meteors that touch down on earth's surface to become meteorites.

About the presenter: Kevin Dehne is a professor at Delta College where he passionately teaches courses on astronomy, geology, and physics. Past president of MESTA and current chair of Great Lakes Star Gaze (www.greatlakesstargaze.com), Kevin is very active in promoting astronomy and science to kids of all ages (adults included).

Date: Tuesday, October 2nd, 2012

Time: 7:00 pm

Place: Chippewa Nature Center, 400 S Badour Rd., Midland, MI
48640

As always, feel free to bring in any rocks, minerals and fossils that you would like to share or need help identifying.
